## **MSYSA ODP Scotland Trip 2010**

The Maryland State Youth Soccer Association's ODP program aims to provide high-level training to benefit and enhance the development of players at all levels. This is why MSYSA offers ODP teams the chance to travel internationally and play soccer. The level of play and the level of coaching in Europe are second to none! Through travel to Europe, players engage in a level of competition not found in the U.S. as well as learn a different style of play. Not only will the international tour enhance your player's soccer skills but the experience also enhances their cultural experience. Players mingle with their opponents at post-game and pre-game socials, try new foods, see new sights and bond with their teammates. Don't let this opportunity to broaden your player's horizon slip by.

**All trips will take place March 28<sup>th</sup> – April 5<sup>th</sup>, 2010.**

1997 Boys Scotland – The 1997 Boys ODP team will travel to Scotland to participate in a series of friendly games, training and cultural activities. Scotland is home to 44 professional clubs and MSYSA teams have traveled to Scotland since 1999. With no restrictions on the number of games that the youth academy players can play, the 1997 Boys ODP team will be able to play the top youth academies in Scotland, such as the Glasgow Rangers and Glasgow Celtic's youth academies. Lastly, Scotland provides many future professional playing opportunities, two MSYSA players were recently scouted in a game v Glasgow Celtic and invited for a one week trial in August 2007 and one was invited back a second time in November 2008.

### **This Package Includes:**

**Airfare** – round trip flights from BWI or Dulles (including Airport/Airline/Government fees and taxes).
