

MSYSA Partners with REFSIX to Grow the Game!

Maryland State Youth Soccer Association (MSYSA) signs a multi-year deal to analyze the effect that REFSIX has on reducing the administrative burden for referees!

GLENWOOD, MD (September 3, 2024): In an effort to reduce the administrative burden on referees during matches, which may help to retain referees and improve the overall experience for players, MSYSA has partnered with REFSIX. REFSIX is the world's best timer and performance tracker. REFSIX measures data specific to referees that helps to improve positioning and decision making and allows referees to effortlessly record key match incidents as they happen on the pitch.

As part of this partnership, all Maryland referees will receive a free 60-day trial along with 20% off the REFSIX PRO annual subscription. Additionally, MSYSA will conduct a robust review of the technology to determine to what extent the REFSIX technology reduces a referee's administrative workload.

MSYSA Executive Director Greg Smith said, "We are thrilled to be partnering with REFSIX to drive value for Maryland referees while also analyzing the effect of the technology to help further our mission of growing the game!"

Gabriel Ado, MSYSA State Youth Referee Administrator and member of the Maryland State Referee Committee added, "Personally, I've been a user since REFSIX's early days and I'm a huge fan. I'm thrilled to be able to offer this modern technology option to all Maryland Referees at a discount while we review the app's impact on growing the game."

Hassan Rajwani, REFSIX CEO and Co-Founder added, "As a company dedicated to enhancing the referee experience through technology, we are excited to partner with MSYSA. This collaboration allows us to extend the benefits of REFSIX to Maryland referees, enabling them to focus more on the game and less on administrative tasks. We believe this partnership will not only improve the referee experience but also contribute positively to the development of the soccer in Maryland."
